The Committee is in receipt of a request for additional information letter, dated 12/12/2012, in which the Commission requests information regarding the timeliness of filing a 48-Hour report for an independent expenditure on 10/6/2012.

The Committee timely filed the report on this expenditure. The Commission received the Committee's statement of organization on October 4, 2012. The Committee sent an electronic-filing password request letter by e-mail on Friday, October 5 as soon as its Committee ID number became available. The Committee did not receive its password by close of business on Friday.

Because of this delay, the Committee filed its first Independent Expenditure report on October 8 by overnight delivery, received by the Commission on October 10 (FEC having been closed on October 9 for Columbus Day). As noted in the letter accompanying that report, the Committee relied on the advice of an analyst in taking this course of action.

On October 24, 2012, the Committee received a letter requesting that the report be filed in electronic format. The Committee complied immediately, re-filing the report electronically the same day. It had also been included on the Committee's 12 Day Pre-General Report filed on October 23.
